

Gas Resistant (GR) Lap Tape

Page 1

nbsPlus

- Suitable for demanding site applications
- Provides a gas tight seal for membrane overlaps
- Secures gas membranes to DPCs
- Part of BBA Approved Gas Membrane systems

Description

A bitumen and aluminium composition single sided tape supplied in 150mm x 10m rolls.

Application

High performance, high bond tape for sealing membranes at overlaps in demanding site conditions and for sealing membranes to gas proof courses at junctions with internal and external walls.

The tape is suitable against vapours only. Where the tape may come into contact with fluids Visqueen recommend welding of joints.

Installation

Ensure surfaces are clean and dry. Apply tape equidistant over the bonded membrane lap. Apply pressure to the tape to ensure adhesion. When the weather is cold, store tape in a warm, dry place until required. Installation is not recommended below 5C.

Storage

Store in a warm – above 5oC – and dry environment.

Technical details

Dimensions – 150mm x 10m

VISQUEEN
 BUILDING PRODUCTS

Gas Resistant (GR) Lap Tape

Appendix A

Visqueen Building Products

Visqueen is the market leader in the manufacture and supply of structural waterproofing and gas protection systems. Visqueen offers the complete package - a proven, reliable range backed by a technical support service that goes unmatched in the market - everything you would expect from a reputable and ethical company.

System Accessories

To ensure full waterproofing protection please use the following certified system components:

- Visqueen High Performance (HP) Tanking Primer
- Visqueen TreadGUARD1500
- Visqueen Protect&Drain
- Visqueen Top Hat Unit
