

Visqueen UDG Double Sided Tape

Page 1

nbsPlus

- Bonds and seals Visqueen UDG Membranes
- Excellent adhesion

Description

A double sided butyl tape for supplied in 100mm x 15m rolls

Application

For bonding together Visqueen UDG Membranes in attenuation wrap (no more than 2 units deep) and permeable paving applications.

Installation

Ensure surfaces are clean and dry and the tape is applied in temperatures above 5oC. All laps must be a minimum of 150mm wide. Visqueen UDG Double Sided Tape should be applied approximately 50mm from the edge. The next width of Visqueen Urban Drainage Geomembrane should then be overlapped. The use of Visqueen TreadGUARD1500 protection board provides additional support to taped joins as well as eliminating the risk of puncture from backfill.

Technical

Dimensions – 100mm x 15m

Colour – Black

Storage

Store in a warm – above 5oC – and dry environment.

About Visqueen

Visqueen is the market leader in the manufacture and supply of structural waterproofing and gas protection systems. Visqueen offers the complete package – a proven, reliable range backed by a technical support service that goes unmatched in the market - everything you would expect from a reputable and ethical company.

Complete Range, Complete Solution

- Structural Waterproofing
- Damp Proof Course
- Damp Proof Membranes
- Gas Protection and Gas Venting
- Vapour Control Layers
- Stormwater Protection

- NBS Clauses
- BBA Certificates
- Material Safety Datasheets
- Specification Guide

Find your local stockist

Search our directory of Visqueen specification [Specialist Centres](#) to locate your nearest Visqueen Partner.

Technical support throughout your project

We are specialists in our field and can help you specify the correct solutions with the necessary performance levels, in accordance with building regulations.

- Nationwide site support team
- Specification advice
- Installation guidance & project sign off
- System design including CAD details

CPD Seminars and Training Academy

Gas Protection CPD

The specification, technical design, and installation of gas protection systems, enabling the sustainable regeneration of brownfield sites.

Structural Waterproofing CPD

The specification, technical design, and installation of structural waterproofing systems for protection against water and damp ingress in both above and below ground projects.

Visqueen Training Academy

We are now able to offer exclusive in depth training opportunities on a wide variety of Visqueen products at our Training Academy.

Visqueen Special Projects

We provide high-level expertise, comprehensive support and experience in all types of waterproofing and gas protection.
